

WELCOMING FALL 2021

OUR METHOD

Our program is really great! We are so glad that you were able to find us! Once you enroll, our curriculum is completely customized to your child!

ONLINE REQUIREMENTS

Online courses require access to a laptop which has to be brought to class and available at Home. Online/internet device management and safety is important, parents are strongly advised to take advantage of the online monitoring program available through the school.

DUAL ENROLLMENT PROGRAM

College Now Dual Enrolment Program:- Our Total Care Dual Enrolment Program allows our students to begin College level courses as early as grade 9 or 10. If you would like to enjoy having visibility into your child's education, and want to help prepare them for college and their future plans, make an awesome decision by enrolling your child in our program.

REGISTRATION PROCESS

** Registration & Enrollment Requirements:

- The following items must be submitted:
 - A completed Enrollment / Application Form

OUR METHOD

Grade levels are assigned using two methods. The first is by transcript if the child has one. A child is not required to take any courses they have already taken and proficient within. The second is through an in-depth assessment. Once your child receives an assessment this will help us to determine his or her academic level in the core subjects! Once you enroll, our curriculum is completely customized to suit your child!
